REPORT OF THE DIRECTORS

In accordance with the requirements of Section 136 of the Company's Act, 2019 (Act 992), we the Board of Directors of Kumasi Abattoir Company Limited (KACL), do herewith submit our annual report on the state of affairs of the Company for the year ended 31 December 2025.

Statement of Directors' Responsibilities

The Directors are responsible for the preparation of financial statements that give a true and fair view of Kumasi Abattoir Company Limited (KACL), comprising the Statements of Financial Position at 31 December 2025, and the Statements of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and the notes to the Financial Statements which include a summary of significant accounting policies and other explanatory notes, in accordance with the provisions of International Financial Reporting Standards (IFRSs) and in the manner required by the Company's Act, 2019 (Act 992).

In addition, the Directors are responsible for the preparation of the Report of the Directors.

The Directors are also responsible for such internal control as the Directors determines necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and for maintaining adequate accounting records and an effective system of risk management.

The Directors have made an assessment of the ability of the company to continue as a going concern and believe that the shareholders will introduce additional capital into the business.

The Auditors are responsible for reporting on whether the Financial Statements give a true and fair view in accordance with the applicable financial reporting framework.

The Directors report on the Result of Operation for the year as follows:

Result of Operations

	2025 GH¢	2024 GH¢
Total Revenue	**13,716,383**	**12,041,463**
Net Profit / Loss before tax	419,502	147,725
From which is deducted a provision for estimated Income tax expense of	-	-
Leaving a Profit after tax of	419,502	147,725
Which is to be added to the surplus brought forward of	2,597,579	2,449,854
Resulting in a balance to be carried forward on the income surplus account at 31 December of	**3,017,082**	**2,597,579**

Nature of Business

The principal activity of the Company during the year was in accordance with the provisions of Section 2 of the Regulations of the Company. This represents no change from the activities carried out for the prior year.

Particulars of entries in the Interests Register during the financial year

No Director had any interest in contracts and proposed contracts with the company during the year under review. Hence, there were no entries recorded in the Interests Register as required by the provisions of Section 194(6),195(1)(a) and 196 of the Company's Act, 2019 (Act 992).

External Auditors

The Auditors, Messrs', CFA & Associates (Chartered Accountants), will continue in office in accordance with the provisions of Section 139(5) of the Company's Act, 2019 (Act 992).

Going Concern

The Board of Directors has made an assessment of the Company's ability to continue as a going concern and is satisfied that it will have the resources from its shareholders to continue in business for the foreseeable future.

Furthermore, the Directors are not aware of any material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

Dividend

The Directors do not propose dividend for the year under review.

Acknowledgement

The Board of Directors hereby expresses its sincere appreciation for the support, loyalty and dedicated service of the staff, management and all stakeholders of the Company over the prior year.

Approval of the report of the Directors

The report of the Directors of Kumasi Abattoir Company Limited, was approved by the Board of Directors and signed on their behalf by;

Director	**Director**

INDEPENDENT AUDITORS REPORT
TO THE SHAREHOLDERS OF KUMASI ABATTOIR COMPANY LIMITED

Opinion

We have audited the Financial Statements of Kumasi Abattoir Company Limited ("the Company"), which comprise the Statement of Financial Position at 31 December 2025, and the Statements of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year ended, and the Notes to the Financial Statements which include a summary of significant accounting policies and other explanatory notes as set out on pages 12 to 26.

In our opinion, these Financial Statements give a true and fair view of the financial position of Kumasi Abattoir Company Limited at 31 December 2025, and its financial performance and the cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) and in the manner required by the provisions of the Company's Act, 2019 (Act 992).

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the Financial Statements section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There were no matters to be reported under this section of the report.

Other Information

The Directors are responsible for the other information. The other information comprises the information included in the Annual Report and the Directors' Report as required by the Company's Act, 2019 (Act 992), but does not include the Financial Statements and our Auditor's Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially consistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors for the Financial Statements

The Directors are responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards (IFRS) and in the manner required by the Company's Act, 2019 (Act 992), and for such internal controls as the Directors determines necessary to enable the preparation of financial statements that are free from material misstatements whether due to fraud or error.

In preparing the Financial Statements, the Directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so. The Directors are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can also arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also;

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the company's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and based on the audit evidence obtained whether a material uncertainty exists related to events or conditions that may cast significant doubt on the

Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Compliance with the requirements of the Company's Act, 2019 (Act 992)

a) We have obtained all the information and explanations which we considered necessary for the performance of the audit.
b) In our opinion, proper books of account have been kept by the Company, so far as appears from our examination of those books.
c) The statement of Financial Position and the Statement of Comprehensive Income of the company are in agreement with the books of account.

The Engagement Partner on the audit resulting in this Independent Auditor's Report is **Robert Nyarkoh (ICAG/P/1534).**

The accompanying notes 1 to 19 form an integral part of the Financial Statements.

1.0 GENERAL INFORMATION AND SUMMARY OF SINGIFICANT ACCOUNTING POLICIES

1.1 General Information

Kumasi Abattoir Company Limited (KACL) is a company limited by shares, incorporated and domicile in Ghana under the Company's Act, 2019 (Act 992). The company is permitted by the regulations to carry on the business of the construction and management of slaughterhouses, cold storage premises, warehouses, sheds and all other premises necessary for the business of the Company and to purchase or rent any interest in land for such purposes. The address and the registered office of the company is Kaase Industrial Area, P. O. Box 9203, Ahinsan-Kumasi.

1.2 Statement of Compliance

The Financial Statements have been prepared in accordance with the International Financial Reporting Standards (IFRS) for Small and Medium-sized Entities issued by the International Accounting Standard Board.

1.3 Basis of Preparation

These Financial Statements are prepared in accordance with International Financial Reporting Standards (IFRS) for Small and Medium-Sized Entities as defined by IAS 1, and in the manner required by Company's Act, 2019 (Act 992).

1.3.1 Basis of Measurement

They have been prepared on a historical cost basis except for the following assets and liabilities that are stated at their fair values; financial instruments that are at fair value through profit or loss. The Financial Statements have been prepared in Ghana Cedis (GH¢) which is the company's functional currency and all values have been rounded to the nearest One Cedi (GH¢1).

1.4 Use of Estimates and Judgments

The preparation of Financial Statements in conformity with IFRSs for Small and Medium-sized Entities (SMEs) required Management to make judgement, estimates and assumptions that affect the application of policies and reported amount of assets, liabilities, income and expenses. The estimates and the associated assumptions are based on historical experience and other factors that are reasonable under the circumstances, the result of which forms the basis of making the judgement about the carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods. If the revision affects both current and future periods.

1.4.1 Credit Impairment Allowance

The estimation of the amount of credit impairment allowance on advances, arising either due to renegotiation of the payment terms or non-performance on the part of the beneficiary, vis-a-vis the amount of loans and receivables provisioning in accordance with the International Financial Reporting Standards is the *company's* most critical accounting estimate.

1.5 Summary of Significant Accounting Policies

The significant accounting policies adopted by Kumasi Abattoir Company Limited which it has applied in preparing its Financial Statements are set out below:

1.5.1 Stated Capital

Stated capital is classified as equity when there is no obligation to transfer cash or other assets. Incremental costs directly attributable to the issue of equity instruments are shown in equity as a deduction from the proceeds, net of tax. Incremental costs directly attributable to the issue of equity instruments as consideration for the acquisition of a business are include in the cost of acquisition.

1.5.2 Property, Plant and Equipment

Property, plant and equipment are tangible items that:

- Are held for use in the production or supply of goods and services, rental to others or for administrative purposes; and
- Are expected to be used during more than one period.

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Cost includes all cost incurred to bring the asset to the condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual values over their estimated useful lives, using the straight-line method. The following annual rates are used for the depreciation of property plant and equipment:

Leasehold Building	3%
Plant and Machinery	5%
Borehole	5%
Computers & Computer Accessories	20%
Fixtures and Fittings	20%
Motor Vehicles	20%
Loose Tools & Equipment	20%

If there is an indication that there has been a significant change in depreciation rate, useful life or residual values of an asset, the depreciation of that asset is revised prospectively to reflect the new expectations.

1.5.3 Financial Instruments

Initial Measurement

- Financial Instruments are initially measured at the transaction price (this includes transaction cost except in the initial measurement of financial assets and liabilities that will be measured at fair value through profit or loss.) If, however, the arrangement constitutes a financing transaction it is than measured at the present value of the future payments, discounted at a market interest rate.

- Trade and Other Receivables
  Most sales are made on the basis or normal credit terms, and the receivables do not bear interest. Where credit is extended beyond normal credit terms, receivables are measured at amortised cost using the effective interest method. At the end of each reporting period, the carrying amounts of trade and other receivables are reviewed to determine whether there is any objective evidence that the amount are not recoverable. if so, an impairment loss is recognised immediately in profit or loss.

- Trade payable
  Trade payable is an obligation on the basis of normal credit terms and do not bear interest. Trade payables denominated in a foreign currency are translated into cedis using the exchange rates at the reporting date. Foreign exchange gains or losses are included in other income or other expenses.

- Bank Loans and Overdraft
  Interest expenses are recognised on the basis of the effective interest method and is included in the finance costs.

Initial Recognition of Financial Assets and Financial Liabilities

The company shall recognise a financial asset or financial liability in its statement of financial position when, and only when, the company becomes a party to the contractual provisions of the instrument subject to the provisions in respect of regular way purchases or sales of a financial asset which state that ,"a regular way purchase or sales of financial assets is recognised and derecognized using either trade date or settlement date accounting".

- Loans and Advances
  Loans and advances originated by the company include loans where money is provided directly to the borrower and are recognised when cash is advanced to the borrower. They are initially recorded at cost, which is fair value of cash originated by the company, including any transaction costs, and are subsequently measured at amortized cost using effective interest method.

1.5.4 Cash and Cash Equivalents

For the purposes of cash flow statement cash and cash equivalent include cash, non-restricted balances with financial Companies, amounts due from other financial Companies and short-term government securities maturating in three months or less from the date of acquisition.

1.5.5 Interest Income and Expense

Interest income and expenses are recognised in the Statement of Profit or Loss and Other Comprehensive Income for all instrument measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and allocating the interest income or interest expense over the relevant period. The effective rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asst or financial liability. When calculating the effective interest rate, the company estimates cash flows considering all contractual terms of the financial instrument but does not consider future credit losses. The calculation that are integral part of the instrument.

Once a financial assets or group of similar financial asst has been written down as a result of an impairment loss, interest income is recognised using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

1.5.6 Dividends

Dividend income is recognised in the Statement of Profit or Loss and Other Comprehensive Income when the right to receive income is established.

1.5.7 Translation of Foreign Currencies

The Company's functional currency is the Ghana Cedi. In preparing the Statement of Financial Position of the company, transaction in currencies other than Ghana Cedi is recorded at the rates of exchange prevailing on the dates of the transaction. At the end of each recording period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Non-monetary items are carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined.

Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange difference arising on the settlement of monetary items, and on the retranslation of monetary items, are included in the Statement of Profit or Loss and Other Comprehensive Income. Exchange difference arising on the retranslation of non-monetary items carried at fair value included in the Statement of Profit or Loss and Other Comprehensive Income for the period except for difference arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in shareholders" equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in the shareholders' equity.

1.5.8 Provision

Provision for restructuring costs, legal claims and similar events is recognised in the Statement of Financial Position when; the Company has a present legal or constructive obligation as a result of past events; it is more likely that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. When the company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset when the reimbursement is virtually certain, the change relating to any provision is presented in the Statement of profit or loss net of any reimbursement.

1.5.9 Deferred Taxation

Deferred income tax is provided in full, using the liability method on temporary difference arising between the tax bases of assets and liabilities and their carrying amount in the Financial Statements. Deferred income tax is calculated, without discounting, at tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax is recognised only to the extent that is probable that future taxable profit will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Changes in deferred tax assets or liabilities are recognised as a component of tax income or expense in the Statement of profit or loss, except where they relate to items that are recognised in other comprehensive income, (such as the revaluation of land) or directly in equity, in which case the related deferred tax is also recognised in the profit or loss.

1.5.10 Current Taxation

The Company provides for income taxes at the current tax rates on taxable profit of the company. Current tax is the expected tax payable on the taxable income for the year, using tax rates (and law) that have enacted or substantially enacted by the end of the reporting period, and any adjustment to taxes payable in respect to the previous year.

1.5.11 Dividends on Ordinary Shares

Dividends on ordinary shares are recognise in equity in the period in which they are approved by the company's shareholders. Dividends for the year are declared after the end of the reporting period and dealt with in the subsequent events notes. Interim dividends are recognised when paid.

1.5.12 Impairment of Non-Financial Assets

The carrying amount of the non-financial asset other than deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the assets recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset exceed its recoverable amount. The recoverable of the amount of an asset is the greater of its value in use and its fair value less costs to sell. Impairment loss is recognised in the Statement of Profit or Loss and Other Comprehensive Income.

Impairment losses recognised in prior periods are assessed at each reporting date for any indication that the loss has decreased or no longer exist. An impairment is reversed if there has been a change in the estimate used to determine the recoverable amount.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that has been determined, net of depreciation or amortisation, if no impairment loss has been recognised.

1.5.13 Employee Benefits

Defined Contribution Plan

Defined contribution plans are post-employment plan under which the company pays fixed contributions into a separate fund and has no legal or contractual obligation to pay further contribution if the funds do not hold sufficient assets to pay all employee benefit relating to employee service in the current and prior periods. Obligation for contributions to defined contribution plans are recognised as an expense in the statement of profit or loss when they are due

Short-Term Benefits

Short-term employee's benefits are amounts payable to employees that fall due wholly within twelve months after the end of the period in which the employees render the related service.

The cost of short-term employee benefits is recognised as an expense in the period when the economic benefit is given, as an employment cost. Unpaid short-term employees benefit as at the end of the accounting period are recognised as an accrued expense and in any short-term benefit paid in advance are recognised as prepayment to the extent that it will lead to a future cash refund and reduction in future cash payment.

Wages and salaries payable to employees are recognised as an expense in the statement of profit and loss at gross. The company's contribution to social security fund is also charged as an expense.

Termination Benefit

Termination benefits are recognised as an expense when the company is demonstrably committed, without the realistic possible of withdrawal, to a format detailed plan to terminate employment before the normal retirement date. Termination benefit for voluntary redundancies is recognised if the company has made an offer encouraging voluntary redundancy. It is probable that the offer will be accepted, and the number of acceptances can be estimated reliably.

1.5.14 Intangible Assets

The company recognised its computer software as an Intangible asset when:

- It is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and
- The cost of the asset can be measured reliably.

The company assesses the probability of expected future economic benefits using reasonable and supportable assumptions that represent Management's best estimate of the set of economic conditions that will exist over the useful life of the asset.

It uses judgement to assess the degree of certainly attached to the flow of future economic benefits that are attributable to the use of the asset to the basis of the evidence available at the time of initial recognition giving greater weight to external weight to external evidence.

The company's software is initially measured at cost.

The amortised amount of the intangible asset with a finite useful life is allocated on a systematic basis over its useful life.

1.5.15 Events After the Reporting Period

The company adjust the amount recognised in its Financial Statement to reflect events that provide evidence of conditions that existed at the end of the reporting period. Where there are material events that are indicative of conditions that arose after the reporting period, the company discloses, by way of note, the nature of the event and the estimate of its financial effect, or a statement that such an estimate cannot be made.
